Key points at Concordia College Courts:

- Physical distancing (1.5m separation) to be encouraged where possible by all spectators. Our Court Supervisor will be reminding attendees of this requirement.
- Spectators will be allowed inside the court area during the minor round, provided social distancing is adhered to. Please ensure Coaches and Officials are not impacted by positioning of spectators. Spectators must move if requested by the Court Supervisor or Officials.
- Please be aware of where congestion may occur: i.e. at entry and exit points and upon leaving the court area - and avoid as able. There will be signage regarding the match fixture and court allocations on all entry/exit gates. Please use the gate closest to your court to avoid congestion. The Court Supervisor will also carry a copy of the fixture and provide guidance for players and spectators.
- Hand sanitiser will be provided at the gate for use before entering the court area and upon exiting the court area.
- Teams may warm up on the oval opposite the courts, but are not permitted to enter the court area until the players and officials in the timeslot before them have exited. Please do not arrive more than 30 min prior to the commencement of your match.
- Teams should have sanitizer and wipes in their team kit bags. All first aid kits should include sanitizer, wipes and gloves.
- Umpires - no sharing of whistles. A "hand whistle" will held by the Court Supervisor, should it be required.
- Discourage communal food and drink during training and matches – e.g. avoid oranges at half time. Players may wish to bring an extra water bottle/juice/own fruit. Please do not share drink bottles. There is a drinking fountain available at the courts for filling of bottles.
- Players to have an alternative to handshakes at the end of each game.
- Pole covers are to be wiped down after each game. There are wipes in each kit. Officials to assist with this please.
- Team manager/coach to regularly wash bibs.
- Toilets are available at Concordia College –in the gym across the oval from the courts. Physical distancing should be observed. Court Supervisor to monitor toilets and ensure disinfection of touchpoints – as well as running water, adequate soap, and paper towels.
